Rue du Père Bonsirven

81500 Lavaur

Hello,

I'm student in the fourth year of Engineering school in France, which name is "Institut Mines Telecom". I'm looking for an international internship during summer 2020 lasting for a period of 2 or 3 months.

Professional experiences

05/2018 to 06/2018

Internship in BOUYGUES CONSTRUCTION COLAS

During my internship inside COLAS company, I assisted the head of the study office. I have studied the tender files of the potential clients. I have done the measurements of the quantities to be set up in the field and finances budget. I also did topography with a topographer. Finally, I made visits with the customers in order to realize the progress of the works.

09/2018 to 06/2021

Alternating in VINCI ENERGIES AXIANS RAIL OUEST

At the moment, I'm studying and gaining working experience at the same time to put the lessons I studied in classes directly in a concret context. In my firm, I was assistant business manager to manage projects. I carry out the files of the executed works to be returned to the customer once the site is finished and site visits.

Schooling

09/2018 to 06/2021

Engineering school "Institut Mines-Télécom Lille Douai"

In school, I learn to create and manage project by considering the pillar of an engineer's reflection which are the human aspect, the technical aspect and the financial aspect. My speciality is Civil engineering and Railway systems. Consequently, I attend mathematics, physics, railway speciality, resistance of materials, project management, English, economics, communication, human resources, maintenance, ...

Competences

Languages

French is my native language.

I speak English and Spanish.

Softwares

I have a good command of this different software;

Abaqus – Module ossature et flexion – Robot – Pléiades – Autocad – Alcyone – Microsoft Project - Sketchup – Javascoll – Language CCS – Revit – Covadis – Shotcut – Adobe premiere

During my free time ...

I practice horse riding (grade 5) and during summer I do surfing and running.

I'm interested by reading fiction books and discovering new cultures.

Furthermore, I enjoy video editing and art in general.

Also, I'm voluntary worker in association about homework assistance and cultural openness for high school students in Toulouse (France).

With my class, we have an association to promote railway profession.

Last but not least, I love fashion and have worked as model in fashion shows.

Trips

For language study holydays, I was in England.

With family and friends, I visited different countries like Spain – Italy – Austria – Belgium – Germany – Portugal – England – Swiss – Luxembourg – Gibraltar.
